Extended amounts are calculated as quantity x unit price, less the discount shown, and are rounded to two decimals. Quantities are the indicative annual volumes stated in your RFQ; unit prices are firm at those volumes and will be re-quoted if the awarded quantity falls below 70% of the indicative volume for any line.

2. Notes to the schedule

(1) Items 01, 02, 03 and 05 are quoted on the basis of bulk-pack presentation as described; secondary cartoning in English with Ghana FDA artwork is included at no additional charge, subject to artwork approval within 15 days of order.

(2) Item 04 requires a dosing spoon in every carton; the price shown includes it. A 100 mL presentation of the same formulation is available at US$ 0.4980 per bottle if preferred.

(3) Item 06: registration variation FDA/GH/VAR/2026/0442 is under assessment. We can ship against a waiver but recommend the buyer confirm acceptability before award.

(4) Shelf life is 24 months for items 04 and 06 and 36 months for all other items, with not less than 80% remaining at the time of shipment.

(5) Minimum order quantity per line is one full pallet. Mixed-line consolidation into a single 20' container is possible and preferred for this destination.
